

## **MINUTES: July 21, 2005 IHC MEETING 2320 HSLC**

Present: J. Banning, A. Barclay, B. Boissonnault, M. Bumann, C. Kraus, C. Olsen, S. Rosa, S. Zahner

Guests: A. Winterstein

### **AGENDA:**

1) Spring event around Clarion – S. Rosa

Need to find out if B. Crouse is still assisting with Clarion next year. (HE IS)

2) Working groups: ideas for topics (Clarion, Brown Bags, Call for Courses/Course review, Faculty Development, Conferences, etc) General discussion:

-Have Brown Bags at the Interprofessional time slot? Thought to be a good idea.

-Set up as a seminar course? Kraus: not difficult to do as Special Topics.

-Develop criteria for what is required for each student to have participated in an interprofessional learning activity. Have each student document their activities.

-Develop a set of 'approved' interprofessional clinical rotations.

-Consider "Interprofessional Case Studies" as a 1 credit course

3) HSC feedback on committee composition – OK to proceed, just update the HSC on our direction.

4) C. Kraus: "Journal Club" Connie informed the committee about a group on campus in which she participates. The group reads a book/publication on general education/theory topics and discusses. We could consider a similar thing for interprofessional education.

5) Other:
